This list is subject to change without notice.

Regional Development Australia (RDA Orana) as the Regional Certifying Body on behalf of the Orana region of NSW, are inviting applications for sponsorship of Skilled - Regional Sponsored (provisional) visas, subclass 489, from qualified applicants in the following professions.

RDA Orana assesses each application on an individual basis, in reference to the region's and proximate region's employment needs. Certain occupations will have nomination caps. In no way is a nomination a guarantee of a position on arrival in Australia. Applicants are responsible for their own job search.

All applicants MUST have the relevant skills assessment, and should investigate what professional registrations / accreditations they may require to work in NSW and Australia.

ORANA is in particular need of REGISTERED NURSES, ELECTRICIANS, CHEFS and TRADES
